

About Volunteer Village

We all know that 'it takes a village...' and we hope you'll sign up to be part of ours! Junior Achievement's (JA) Volunteer Village comprises individuals who can be contacted to fill individual volunteer positions or help at group volunteer events.

JA provides various volunteer opportunities, including JA Career Speaker sessions that are tailored for individual volunteers. Additionally, if a corporate or community group has adopted a volunteer event but lacks enough volunteers, JA reaches out to the Volunteer Village to fill in any gaps to ensure a successful event.

Being part of JA's Volunteer Village allows individual volunteers an opportunity to participate in all of JA's volunteer experiences - even those that are typically reserved for larger corporate or community groups. It also allows people who typically sign up to volunteer a few times a year with their corporate or community group, an opportunity to volunteer even more of their time, without having to wait for their organization to adopt a group JA event.
